## Events For Words and Pictures Autumn 2018

Welcome to the autumn season of the brand new Words and Pictures Series. This project has been made possible through a partnership between a range of organisations and individuals working together to produce an exciting and dynamic arts programme. Ranging over several venues in NE Lincs this varied programme offers audiences and participants opportunities to experience visual art, poetry, music and talks in workshop and performance settings. We look forward to welcoming you to our venues and to events featuring local, regional and national artists.
